

**LESSON PLAN****SPECIFIC OBJECTIVES**

The students will learn about

- ▶ animals—what animals are
- ▶ birds—what birds are
- ▶ domestic animals
- ▶ wild animals

**TEACHING AIDS**

A chart paper containing pictures of different animals and birds, labelled pictures of wild and domestic animals, a projector, video clippings from the Animal Planet channel, blackboard, chalk, duster, etc.

**TEACHING STRATEGY**

- ▶ The teacher will start the lesson with 'Warm Up'. The students will tick (✓) the animal as instructed.
- ▶ The teacher, then, will give a general introduction about animals.
- ▶ Then, the teacher will speak about the animals that live on land, in water and on trees.
- ▶ The teacher, then, will tell about birds with examples.

**BOOST UP**

- ▶ The teacher may show flashcards having pictures of different animals and birds and may ask the students where each animal lives.
- ▶ He/She may give some common information on the animals.
- ▶ The teacher may take the students to a zoo to show them wild animals or may ask them whether they have already visited a zoo. If any of the students has visited, the teacher may ask the student(s) to name and describe the animal(s) he/she has seen.
- ▶ The teacher may advise the students to watch Animal Planet to know unknown facts about animals.
- ▶ The teacher may use an audio-visual device to show the animals with their sounds.
- ▶ The teacher, then, will ask the students to solve the exercises given in the book.

- ▶ The teacher may tell that in many cultures, animals are treated as gods which shows that animals are given an important place in our life.

## EXPECTED LEARNING OUTCOMES

The students are able

- ▶ to know about animals
- ▶ to know different types of animals
- ▶ to learn about domestic animals
- ▶ to learn about wild animals
- ▶ to love and take care of animals

## EVALUATIVE QUESTIONS

The teacher may ask the following questions to evaluate his/her students.

1. Name three animals that live in water.
2. Name three animals that live on trees.
3. Name three birds.
4. What is a wild animal?
5. Name three domestic animals.
