

# Chapter 2

## The Teeth

### LESSON PLAN

#### SPECIFIC OBJECTIVES

The students will learn about

- ❖ types, parts and structure of a tooth
- ❖ need and care of teeth and gums
- ❖ role of food in the development of healthy teeth and gums

#### Teaching Aids

**Pictures/charts/models/animation** on the topics given in the chapter.

#### Lesson Plan

- ❖ Teacher will start the chapter with 'Gear Up' section discussing the healthy and unhealthy food items.
- ❖ Teacher will explain the importance of teeth.
- ❖ With the help of suitable teaching aid, teacher will explain the types of teeth and the two sets of teeth.
- ❖ To check the understanding of students about the topic, teacher will ask them to solve 'Check Point 1'.
- ❖ Now, teacher will explain parts and structure of a tooth.
- ❖ Teacher will discuss taking care of teeth and gums.
- ❖ Teacher will discuss food good for maintaining healthy teeth and gums.
- ❖ Now, teacher will ask students to solve 'Check Point 2'.
- ❖ At last, teacher will sum up the chapter by going through all the points given under the head 'Wrap up now' and revising the 'New Words'.
- ❖ Finally, teacher will help students to solve all the exercises given under the head 'Practice Time'.

## Boost Up

- ❖ Teacher should demonstrate activities given in the chapter.
- ❖ Teacher should encourage students to eat food which is good for healthy teeth and gums.
- ❖ Teacher should encourage students for taking dental care and keeping oral hygiene.

## Expected Learning Outcomes

The students understand and know

- ❖ types of teeth and the two sets of teeth.
- ❖ parts and structure of a tooth.
- ❖ need and ways of taking dental care.
- ❖ role of food in keeping teeth and gums healthy.

## Evaluative Questions

Teacher may ask the following questions for evaluating learning and understanding of students:

1. How many types of teeth do we have?
2. What are the two sets of teeth?
3. What is the root of a tooth?
4. What are the results of tooth decay?
