

4

Animals That Help Us

LESSON PLAN

SPECIFIC OBJECTIVES

The students will learn about

- ✧ domestic animals
- ✧ use of domestic animals
- ✧ useful things obtained from animals

TEACHING AIDS

Pictures/charts/models/animations on domestic animals; domestic animals doing different works; food and other items obtained from animals (all as given in chapter).

LESSON PLAN

- ✧ Teacher will start the chapter with 'Gear Up' section by discussing the usefulness of animals to us.
- ✧ Now, with the help of teaching aids, teacher will define domestic animals, their living places and why we keep them with us.
- ✧ Teacher will explain the different kinds of works domestic animals do for us.
- ✧ Teacher will also discuss our duties towards domestic animals.
- ✧ Now, to evaluate the learning of students about studied topics, teacher will ask them to solve 'Check Point 1'.
- ✧ Now, with the help of teaching aids, teacher will discuss the food and useful things obtained from animals.
- ✧ Now, teacher will ask students to solve 'Check Point 2'.
- ✧ At last, teacher will sum up the lesson by going through the points given under the head 'Wrap up now'.
- ✧ Teacher will help students to answer the questions given under the head 'Practice Time'.

BOOST UP

- ✧ Teacher may encourage students to explore more items of everyday life obtained from animals.
- ✧ Teacher should tell students to be kind towards animals.

EXPECTED LEARNING OUTCOMES

The students understand and know

- ✧ the domestic animals, the work they do for us and our duties towards them.
- ✧ the useful things obtained from animals.

EVALUATIVE QUESTIONS

Teacher may ask the following questions for evaluating learning and understanding of students:

1. What do domestic animals do for us?
2. What do we get from animals?
3. What is biogas made from?
4. What is the use of biogas?
5. What do you mean by milk products?
