WARM UP

Use crayons to colour the following fruit basket. You can later make it in Paint.

Ans. Do it yourself.

CHAPTER NOTES
» MS Paint has different tools to draw different types of shapes.

» Fill with color tool is used to fill colours in drawings.

» Text tool is used to type text on a drawing.

» We can make our own custom colours by double-clicking on a colour and selecting a new one.

» The Drawing area is used to make a drawing.

» MS Paint is used to make and edit drawings and pictures.

» There are many features in MS Paint.

» Color picker tool is used to pick colour from a drawing.

» Skew tool is used to shift a picture at an angle.

» We can resize a picture using the resize feature.

» We can also use the copy and paste feature to copy and paste pictures.
