

# India—Types of Soils

## LESSON PLAN

### SPECIFIC OBJECTIVES

The students will learn about

- what a soil is
- alluvial soil
- black soil
- red soil
- laterite soil
- desert soil
- mountain soil
- soil erosion

### TEACHING AIDS

Chart papers, flashcards, a projector, blackboard, chalk, duster, pointer, etc.

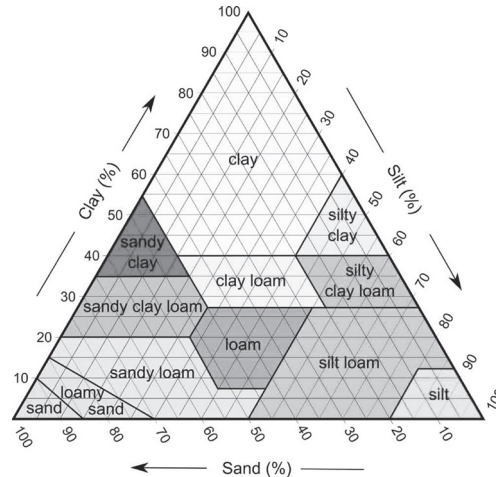

### TEACHING STRATEGY

- Start with Warm Up.
- Tell about what soil is.
- Tell about alluvial soil.
- Tell about black soil.
- Tell about red soil.
- Tell about laterite soil.
- Tell about desert soil.
- Tell about mountain soil.
- Tell about soil erosion.

### BOOST UP

- To make the lesson interesting, the teacher may show chart papers.
- To make the lesson interesting, the teacher may show maps.

- The teacher may explain the composition of different types of soil through the following diagram.

## EXPECTED LEARNING OUTCOMES

The students are able to learn about

- what a soil is
- alluvial soil
- black soil
- red soil
- laterite soil
- desert soil
- mountain soil
- soil erosion

## EVALUATIVE QUESTIONS

The teacher may ask the following questions to evaluate the students.

1. What is fertility of soil?
2. How is alluvial soil formed?
3. Where is black soil found in India?
4. Why is desert soil not suitable for cultivation?
5. What type of vegetation grows on mountain soil?
