COMPREHENSION

Read the following story and answer the questions that follow.

Once upon a time there was a little boy named Mike who never smiled. His parents had tried everything to make him smile. But he always looked sad. One night, he woke up seeing a light in his room. He found a little fairy that had fallen through his window. She was crying. He went to her and gently asked her, "Who are you? What happened?" "My name is Shiny. I am a sunflower fairy. A naughty owl chased me and my wing tore!" sobbed the fairy. Mike picked her up and put some medicine on her wing. Shiny fell asleep in a cup. In the morning, she flew to Mike and waved her wand to wake him up. "I am fine now!" she said happily. Mike smiled. He was so happy to help Shiny. They became best friends.
