

4. Bird's Eye

WORKSHEET 1

COMPREHENSION

Read the passage and answer the questions.

If you want to succeed in life, learn the art of concentration. The art of concentration means focussing your mind on only one thing at a time. If you have a task to do, focus on it deeply. Don't scatter your energy in other directions. We can burn pieces of paper by focussing sunlight with a hand lens. Swami Vivekananda used to say, "Take up one idea. Make that one idea your life: think of it, dream of it, live on that idea. Let the brain, muscles, nerves, every part of your body, be full of that idea. And just leave every other idea alone. This is the way to success."

A. Tick (✓) the correct answers.

1. The art of concentration means

(a) shutting your eyes for 20 minutes every day.

(b) doing breathing exercises.

(c) focussing your mind on only one thing at a time.

(d) None of these

2. In the given passage, Swami Vivekananda tells us how we can

(a) succeed in life.

(b) grow rich in life.

(c) find peace of mind in life.

(d) find happiness in life.

B. Answer these questions.

1. What should we learn in order to succeed?

2. What should we do if we have to complete a task?

3. According to Swami Vivekananda, what is the way to success?

WORKSHEET 2
