

4. Suhani's Parents Visit Her School

Worksheet 1

COMPREHENSION

Paddington woke with a start and then sat up in bed rubbing his eyes. For a moment or two, he wasn't quite sure where he was but gradually, as a number of familiar objects swam into view, he realised with surprise that he was in his own room.

The afternoon sun was streaming in through the window and after blinking several times, he lay back again with his paws behind his head and a thoughtful expression on his face.

Although he wasn't quite sure what had disturbed him, he felt very glad he'd woken when he did for he had been in the middle of a particularly nasty dream about a large jar of his special marmalade from the cut-price grocer in the market. In the dream, something had gone wrong with the lid and no matter how much he'd tried nothing would budge it.

— A Bear Called Paddington by Michael Bond

A. Write contraction words for the following words.
